PAYNTER HAS NO HOPES FOR BRYAN

Speaks to Small Crowd at Cynthiana and Forgets About Kehoe

CYNTHIANA, Ky., October 6th.—Senator T. H. Paynter spoke at the Courthouse here this afternoon to about 100 voters.
There was absolutely no enthusiasm displayed and during the hour the Senator spoke he failed to make any mention of the name of J. N. Kehoe, District Congressional candidate. He did not express any sanguine hopes of Bryan's election this fall. His only hope was that sound money, Democrats were for the nominee this year.

FRANKIE HARTER

Possible That She May Go From Industrial School to Fame

LEDGER readers will readily recall a crime committed in Cincinnati a few years ago in which the unnatural life of Frankie Harter, whose father was found to reside in this county, was brought to light.
Frankie was only a fourteen-year-old girl in short dresses when Joseph Leonard Drinen, a former soldier, twice her age, because of his hopeless love for her, killed her foster mother, Mrs. Amanda Bell Harter, and then fired a hall through his own brain at the woman's flat in Cincinnati.
The girl had been sacrificed as a white slave at the altar of her unnatural foster-mother's greed, unknown to the father, who believed his

child was getting the benefits of a good education. Instead, the foster-mother had taken advantage of the child's beauty and voice to introduce her into theatrical circles, where she at once made a great hit.

The young girl, since the tragedy, has been confined in the Girls' Industrial School at Delaware, Ohio.

The Columbus (O.) Citizen, with a late picture of Miss Harter, says that she has marked musical talents which may be developed now that friends are urging her as one of the beneficiaries of the Charlotte Schmidlapp endowment fund of Cincinnati, given by her father, J. G. Schmidlapp, for the education of poor girls of marked talent.

PLAIN CLOTHING TALK!

We are giving you values in our Fall Suits and Overcoats that you cannot find elsewhere. This may seem to you a broad assertion. That's precisely what we want you to think. The money-saver, and at same time wants to be a "good dresser," will surely investigate; and that's again what we want you to do. Please remember that there will be no deviation from marked price. Had you looked in our Shoe Department last Saturday you could easily have seen that we do the Men's and Boys' Shoe business of Maysville. THE DINING-ROOM!

Is or should be the most delightful room in the house. In this work-a-day world of ours we endure the trials and worries of the day buoyed up and strengthened by the thought of home and family. Man EXISTS at his work, but LIVES at home! A FEW restful hours at home fully compensate him for MANY weary hours of toil! What is or could be more conducive to home comfort and pleasure than a beautifully appointed dining-room? Mahogany is the logical wood for a dining-room. Its rich, healthy, life-like appearance is in keeping with life-giving foods.

A MAYSVILLE BEEFSTEAK certainly tastes better off of mahogany!

ALAS, one woe does not skidoo before another doth tread upon its heels, so fast they follow: The baseball season closes and the football season opens, to be followed by the hunting season, and the Presidential election rages during the while. This is, indeed, a lively old world.

UNDER Mr. BRYAN's Bank guarantee plan the Bankers of Maysville would have been compelled to help make good in the failures of the Aberdeen and Dover Banks. BRYAN's crazy scheme merely puts a premium on rascality and if it were followed the wealthy Bankers would be skinned so by the bunko financiers that they would have to go out of business.

THE PUBLIC LEDGER takes off its cap and salutes with a salaam of cordial politeness and sincerity the initial issue of The Frankfort News, which at one bound has stepped into the first rank of Kentucky newspapers. The News is a credit, not only to Frankfort, but to Kentucky journalism and the art of newspaper making. The advent of The News now gives the Capital of Kentucky two representative papers, albeit they are both Democratic. It is a hopeful sign for Frankfort to have two up-to-date dailies, and the old town ought to grow and be something. Success to Messrs. DUNLAP and FREELAND, publishers of The News.

Nervous women should profit by Lydia E. Pinkham's experience with Lydia E. Pinkham's Compound.

Mrs. Helen Barton, of 27 Pearson Street, Chicago, Ill., writes to Mrs. Pinkham:

"I was all run-down, and on the verge of nervous prostration from overwork and worry, and ill in bed, when I began taking Lydia E. Pinkham's Vegetable Compound. After I had taken it a week I commenced to get better. I continued its use, my nervous trouble disappeared, and I am completely restored to health. I hope Lydia E. Pinkham's Vegetable Compound will benefit other women as it has me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

"The play is well staged and the costumes expensive. Miss Osterman's director's gown, in which she appears in the last act, is a beautiful creation."

CALEB POWERS

LOUISVILLE, Ky., October 6th.—For the first time in blue years Caleb Powers will make a public appearance as a political speaker October 31st at his home in Harboursville.

The "prisoner of Georgetown" will address his home people on State and National issues in an effort to make a few more Republican votes in the mountains.

DOCTOR WINS

Judge Cochran Gives Peremptory Instructions In \$10,000 Suit For Malpractice

FRANKFORT, Ky., October 7th.—The ten thousand dollar damage suit of Sewell Brown vs. Dr. John Lewis and W. H. Coffman of Georgetown for alleged malpractice in setting a broken leg was ended in the United States Court today by Judge Cochran giving peremptory instructions for the doctors.

When Mr. Bryan declares in September that he is sure of being elected in November, it reminds one that he was also elected in September, 1896, and in September, 1900.

To be consistent Mr. Bryan, who is pleading for independence for the Fillpines, should immediately grant the plea of the Democratic party for release from the tyranny of Bryan.

In speaking of the tendencies of the Republican party Mr. Bryan omits to mention its propensity for winning national elections.

The interest of the Democrats in the prosperity of the country, which Mr. Bryan believes to be paramount, will extend to the length of refusing to destroy it by putting the Nebraskan at the head of the government.

Mr. Bryan's indorsement of the theory that Democracy stands for competition manifestly does not include competition for presidential nominations.

If there was a political pure food law the enumeration of the mixed ingredients in the Bryan mixture would make the label bigger than the bottle.

The sheath gown had proved as fleeing as one of Colonel Bryan's policies.

We fear that the new automatic train stopper has been invented too late to be of material assistance to the Democrats in halting the Taft Presidential Limited.

While the Republican party does not favor the guarantee of bank deposits, it gets right down to first principles by guaranteeing that one will have something to deposit.

Here is a puzzle: Richard Olney is against Roosevelt's policies, yet he supports Bryan, who says that Roosevelt's policies are his. Which reminds us of the difference 'twixt tweedledum and tweedledee.

Ex-Slave For Taft.

An ex-slave living in Philadelphia has sent to the Philadelphia Ledger the following letter:

To the Editor of Public Ledger: I have read many of the different views as to whether it would better the condition of the working people for the colored people to vote for Bryan for president, a vast number of the colored race belonging to that class.

My belief is that it would be political suicide for any colored person to vote the Democratic ticket, as Democrats have been the enemy of my people ever since slavery days, and today in the solid south it is almost impossible for a colored person to go near the polls, not saying anything of voting.

Bryan's election would give the Democratic party power to entirely disfranchise the colored voters.

HOWARD ANDERSON, "Ex-Slave."

Danderine

Grows Hair and we can PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:

"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Another from Newark, N. J., writes: "I have been using Danderine regularly. When I first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

DUNCAN OPPOSES GOMPERS' IDEA.

James Duncan, first vice president of the American Federation of Labor and International secretary-treasurer of the Granite Cutters' International Association of America, has sent out numerous identical letters declaring the absolute independence from partisanship of the American Federation of Labor. The letter is written on the stationery of the Granite Cutters' union. Mr. Duncan is next in command of the American Federation of Labor to Mr. Gompers, and his letters are a direct repudiation of the attitude of the president of the American Federation of Labor in taking the organization into politics and exerting his influence to elect Bryan and Kern. Mr. Duncan is not advising union workmen to vote either for Bryan or Taft, but to rely on their own judgment and to exercise their own individual preference. The letter is as follows:

Sept. 17, 1908.
My Dear Sir—Your inquiry is similar to a number of other inquiries on the same subject and therefore needs the general answer.

The labor movement of our country, in as far as the political situation is concerned, is now, as heretofore, independent of parties. Those who have given the greatest thought to the subject within the ranks of organized labor have been busy from year to year for a long time, as part of their trade unionism, teaching or at least advising organized workers to not be bound to any particular party, but to vote for the principles they believed were for the greatest good to the greatest number of all the people, and that if any person aspired to public office to deal with the aspirant upon his merits and not because of his belonging or not belonging to any particular party. The intensity of recent events has caused more activity among the organized workers, in as far as political affairs are concerned, than in the past, and we may expect as men become educated to the public needs and study the science of government they will become still more active politically.

The labor movement advises study of the different subjects and principles of the great political parties and admonishes each organized worker who is a citizen and a voter—and all should qualify as fully as possible in both ways—to cast his vote on election day in strict accordance with his conscience as to what would be the best for the whole people.

The hue and cry sent out by a portion of the public press that the labor vote was being bartered is but one of the forms of political buncombe which is used for exaggeration and to befog the public mind. The views, beliefs and inclinations of candidates for public office should in each instance be carefully scrutinized by all good citizens, and which, includes all voting organized workers, instead of simply voting for a man because he may hold certain party affiliations, and the election this year and the campaign leading up to it, as far as organized labor is concerned, will be no exception to that rule. Very truly yours, JAMES DUNCAN.

Lightning has struck the Bryan farm, but it has a confirmed habit of not striking the owner.

J. M. Lloyd, farmer, Rural Free Delivery, No. 5, Maysville, Ky., says: "I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it may be the means of benefiting other sufferers of kidney troubles. About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant dull pains across my back and through the loins. When I stooped or lifted, sharp twinges shot through my body and caused me the most intense suffering. Learning of Doan's Kidney Pills, I purchased a box at J. J. Wood & Son's Drugstore and began using them. The contents of this box effected a complete cure and since then I have not had a touch of backache or any other trouble arising from inactive kidneys."

Blue Stone Now or Smut Next Harvest

Proper treatment of seed wheat and oats with a proper quality of blue stone is a certain preventive of smut.

Smut is so expensive, and the blue stone treatment costs so little that it is folly to neglect it.

Another thing to be sure of is the quality of the blue stone, for unless this is all right all the labor and cost is vain.

You take no chances at all in getting your blue stone here. We test ours and guarantee the quality. The price is right, too.

DOCTORS PRESCRIBE IT

A Medicine That Appeals to Physicians---They Recognize Its Value---Dr. J. E. Ennis of Atlanta, Ga., Tells the Truth About Vinol.

"I want people to know that I believe the most valuable cod liver oil preparation, the best body-builder, health-restorer and strength-creator known to medicine today is Vinol.

"I advise Vinol in my practice, and find it has no equal for coughs, colds, bronchial troubles and for healing sore lungs.

"I have used Vinol in many cases of indigestion, mal-assimilation, and for patients who have no appetite, were anaemic and ran down, with splendid results. I have also found Vinol to be a boon to the aged.

"I believe Vinol to be well worthy of any honest physician's endorsement."—J. E. Ennis, M. D.

For old people, delicate children, weak, run-down persons, after sickness, and for chronic coughs, colds, bronchitis, and all throat and lung troubles, Vinol is unexcelled. Those who try Vinol and receive no benefit may have their money back.

GRAFT

By Numerous County Officials in Kentucky Charged By Auditor James

FRANKFORT, Ky., October 7th.—Grafting county officials in Kentucky, regardless of politics, must pay up the amount of money due the State or be indicted on the charge of embezzlement, is the ultimatum of State Auditor James.

The Auditor says the County Clerk of one county has not paid any money into the State Treasury for 10 years until recently, when he was pressed by the Auditor for a settlement. He alleges that A. D. Ford, County Judge of Garrard county, drew money for a pauper idiot's support for 18 months after the idiot died and that he has the affidavits of two reputable citizens of that county, which will be given to Commonwealth's Attorney Franklin of this county with a view of having Ford indicted at the next term of the State Fiscal Court.

These affidavits are now in the hands of Attorney-General Breathitt, who is investigating the conditions in Garrard county. In order to secure this money, Auditor James says, Ford had to make an affidavit that the idiot was alive and unable to take care of himself.

ALICE

Led the Parade at Pittsburgh to the Tune "Hail, Hail, the Gang's All Here"

To the tune of "Hail, Hail, the Gang's All Here," a carriage containing Alice Roosevelt Longworth led the parade at one of the biggest political demonstrations ever seen in Pittsburgh.

It was the opening of the Republican campaign and Congressman Longworth and Senator Burroughs were the principal speakers. Mr. Longworth came from Cincinnati and was met by Mrs. Longworth, who came from Washington. They were to have reached here about the same time, but the train of Mrs. Longworth was two hours late. It finally came.

"Good morning, Alice," said Congressman Longworth.

"Hello. Ain't it foggy?" said Alice, as she gave him a wifely hug and kiss. And so the Republican campaign was opened at Pittsburgh.

"Every Indication That Kentucky Will Cast Her Vote For Taft," Says Prominent Democrat

One of the most earnest, consistent and prominent Democrats of this city and county, who has recently returned from an extensive tour of Western Kentucky, stated in positive terms to a prominent Republican of Maysville as follows:

"I have been to many cities in Western Kentucky and to Louisville and I will say to you that there is every indication that Kentucky will cast her electoral vote for Judge Taft." This vote is high in the State councils of the Democratic party and will cast his vote for Mr. Bryan, but he realizes that the business man, the thinking man and the man who wants a continuance of the Republican regime, is still the dominating power in American politics. W. H. Taft is a winner.

SCHOOL GRAFT

Of State's Money Stopped By Superintendent Crabbe—Census Padded 1,150

FRANKFORT, Ky., October 6th.—Just exactly \$4,155.11 was lopped off the per capita allowance for the Lexington City Schools by Superintendent of Public Instruction, J. G. Crabbe, this morning, when he completed an examination of the school census records of the City of Lexington.

The total number of names stricken from the census list as being fraudulently and illegally "padded" was 1,150.

Out of the list of 12,251 names of school children turned in to the Department by the census taker, payment of the per capita will be made for but 11,100.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by failing hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. TWO SIZES—50c. and \$1.00.
